Afterwords

Thanks to everyone, I got to finish Volume 2 without much trouble. I was able to enter my second year of serialization. Thank you so, so, so much everyone.

We jumped right into Summer Vacation in Volume 2, so we got to go through various events like Summer Festival, Beach, and Theme Park, but I wasn't really familiar with any of them, so I think the stories turned out to be pretty plain (or maybe not?). But since Shinobu-san herself is a first-timer in these sort of youth activities, I kind of wanted her to feel this play in excitement.

Anyway, we got to expand the Shinobu-san world with bunch of new cast.

Please look forward to volume 3!
